Hi Caroline,

Cindy Chafian here. Alex just sent me your number and asked me to reach out about January 6, in DC. Are you available now to discuss?

Sun, Dec 27, 4:44 PM

Just spoke with Justin. He's going to manage the whole buildout. Stage, sounds, Jumbotron, etc. He'll get his quote to me tomorrow.

I've reached out to a bus company I've worked with about rates and locations. I'll get that to you tomorrow.

Let me know when you'd like to chat.

Hi Caroline. I just got a message from Kristin. I'm actually working with her already.

when can we share the location?

I know not right now but I want to be prepared to go live with that.

The last update I got was like three hours ago and they said permits were being finalized so I'd hold on sharing publicly but you're fine to share privately. I let the Stop the Steal folks know The Ellipse was going to be the location and they were very excited

So everyone seems to be in a good place

Spend time with the family! We can chat later.

I talked with Ali

Ali was sooo nice

I'm excited this is going to be great

I have Marsha Lessard asking me who my contact in the administration is.

Never heard of her

I'm trying to coordinate the program and I reached out to her to see if they would be open to moving their program over to the main stage which is what we have planned. And she's questioning me.

They have area seven on the Capitol grounds. And their program runs from 10 to 12.

She's saying that their permit is solid and that they aren't planning to move their program to the main stage.

I get it, she doesn't know who I am.

I think there is some miscommunication between you and Alex Jones. I am scaling back my program to be more in line with what my original contract with him was for.

And so I'm clear. Will the security for the 6th be handled by you? I was under the impression that the expenses for the 5th would come from Alex Jones. And the expenses for the 6th would come from you. Is this correct?

Ok. I need to clear some things up. Ali isn't working with Roger Stone. I am. I'm not sure what speakers Ali is claiming he's brought to the table but the list on that spreadsheet is

Thu, Dec 31, 11:03 AM

Am I supplementing security for the 6th as well? My teams need to know this.

I will go down that morning to assist with set up. Once that is done I will come back on site at 4:00.

Freedom plaza set up needs to begin at 6am. If you don't have a plan in place I will send over the work that I have done. I will be taking the fees that the Kremer's owe me for October as well as what I charge for this event. The entire reason I stopped working with them was because they wouldn't sign a contract so this manipulative circumvention of that is unacceptable.

Just got off the phone with Tim. He said you're handling all of the funding from here out. I need to know how that's being managed. I have vendors that need to be deposited by tomorrow. My contract with Free Speech Systems had them transferring the \$52,000 that covered half of the costs.

Do you just need my banking information?

I'll get you the budget breakdown tonight as well.

Get the budget and vendors breakdown to me and Justin tonight please and we will review to ensure we aren't duplicating any efforts 👍👍

Sure as in do a call with her or in what capacity?

She's just asking if she can handle the media.

Working on the budget spreadsheet now. How soon will that be executed? I just need to tell my vendors if it's not tomorrow.

I want to keep the identities of my funders anonymous so if there are any questions from media regarding who is paying etc please ask her to run those by me and more than likely we just won't comment

Hey there! I'd hold on printing anything until we decide what the messaging is and we have no clue on timing because it all depends on the votes that day so we won't know timing for a few more days.

Regarding the budget, I need to connect with Justin but we don't have anything in our budget for the Freedom Plaza/Rally For Revival event so I told Alex if that's something he still wants to do with you then great but it would have to come out of his funding. Alternatively we could still do it and just use the existing stage/infrastructure on The Ellipse.

I'm in the car with my parents for the next couple hours but will call you as soon as we are off the road

If we can do the ellipse that would be great. I wasn't sure if that was an option. So that takes that out of the equation.

I am doing this because this is too important to screw up. But I will not run the backstage for all of the other groups.

And I need to know about credentialing. My security team is very strict about this and what happened last time won't be allowed to happen again.

Please get Tim that contract as soon as possible. If he doesn't get it within the hour he's calling Julie.

I run the 5:00-8:30 program

Roger Stone and Alex Jones speak.

I have sent over the contracts for stage and sound. That needs to be paid in full before he will do anything. The Kremer's have screwed him in the past with payment so he won't do anything for them anymore unless it's paid in full before the event.

Will the payment for this job be coming from different sources

Idk I don't have anything to do with the 5th

That's why you'll have an MOU

he's agreed to pay \$50,000 worth of expenses

Stage and sound. For what he's asking is \$12000. He's already not paying for any of the security. I'm having to come up with it.

The total quote that I sent for sound and stage was \$19k.

The tent and equipment was another \$13k.

Definitely NOT \$50k. So I'm not cutting anything out from I sent. They can either agree to pay that or I'll come up with the money myself.
