FRIDAY
20.1, All Orgs
8.37, DJT

NEW HIGEST DAY EVER

NOTES:

1. Raised was consistent to post-ED numbers, but there was a large money bomb, lifting it an additional few \$M

2. JFA switched at 5pm, which isn't the cleanest for my daily tracking. DJT share noted above is the absolute minimum. I'll update when I have a more accurate (higher)
