THE PRESIDENT HAS BEEN

Vice President Michael R. Pence
Office of the Vice President
The White House
1600 Pennsylvania Avenue
Washington, D.C. 20500

Dear Vice President Pence:

The 2020 election witnessed an unprecedented and admitted defiance of state law and procedural irregularities raising questions about the validity of hundreds of thousands of ballots in our respective states.

The attached appendix summarizes the illegalities present in the 2020 election and provides evidence of a coordinated and structured multi-state effort to undermine state law protecting election integrity.

State legislative bodies have the constitutional authority and responsibility to determine the time, place and manner of elections and the selection of presidential electors. Yet, to date, we have been unable to fulfill those responsibilities in the 2020 Presidential election.

The refusal by state executive branch and local officials to comply with reasonable legislative investigation requests, as well as their obfuscation and intentional deception have prevented proper investigation. Moreover, in some instances, state executives have acted to prevent legislatures from meeting as a body and in Michigan, threatened legislators with criminal investigation for meeting to fulfill their constitutional responsibilities.

We intend on fulfilling our oaths of office by properly investigating and determining whether the election should be certified, or decertified, by our respective state legislatures. Additional time must be afforded for the legislatures to meet and for state legislators to fulfill their constitutional duties.

On January 6, 2021, you are statutorily authorized and required under the Electoral Count Act of 1887 to preside over both houses of Congress to count and record the Presidential electoral vote count to elect the President and Vice President of the United States. This congressionally set deadline, however, is not the supreme law of the land, and in fact must not supersede our state legislative authority under the Constitution. Moreover, the deadline is not necessitated by circumstances, especially when it truncates the fulfillment of our constitutional duties and our responsibility to the American people.

There are extensive and well-founded accusations of electoral administration mismanagement and deliberate and admitted violations of explicit election laws enacted by state legislatures in Arizona, Georgia, Michigan, Pennsylvania, and Wisconsin.

Therefore, we write to ask you to comply with our reasonable request to afford our nation more time to properly review the 2020 election by postponing the January 6th opening and counting of the electoral votes for at least 10 days, affording our respective bodies to meet, investigate, and as a body vote on

certification or decertification of the election. This action can be completed prior to the inauguration date, as required by the Constitution.

American elections must be transparent, inclusive and produce results in which the American people have faith. The 2020 election, thus far, has failed in this respect. Your actions consistent with this request can repair this failing.

Sincerely,
